Stock Horse: Snaffle Bit: Cutting: Roping:

This horse belongs to our neighbors, they have had him since he was a 2 year old and have used him doing everything you can do on a ranch. He was Grandpa's favorite horse to ride. He's gentle for anyone. If you need a good horse that won't hurt you and you can get the job done on, here he is. We have rode him 2 months before the sale and can't find a hole in him. Call Tom Buckingham for more info 208-845-2310 or 208-594-3611.
